THE INDUSTRIAL AND AGRICULTURAL EXHIBITION OF THE TWENTIETH INDIAN NATIONAL CONGRESS.

BOMBAY, 1904.

RULES AND REGULATIONS.

1. The Exhibition will be opened in the third or the fourth week of December 1904, on a day to be notified hereafter. The Exhibits will be arranged in different Sections, a separate Section being allotted to work done by ladies, amateur and professional. An official catalogue of all Exhibits with the names and addresses of the Exhibitors and their Agent or Agents, if any, will be published by the Exhibition Committee, before the opening of the Exhibition. A Committee of specially qualified gentlemen will be appointed as Jurors, who will examine the Exhibits, determine their relative merits and decide which of them deserve special recognition. The decision of the Jurors will be final; and Gold, Silver, and Bronze medals will be awarded according to their verdict. Certificates of merit will also be given. The names of the successful Exhibitors will be published, together with a description of the Exhibits and the medals and certificates they have respectively obtained.

A Loan Section will also be attached to the Exhibition. Works of Art and articles of special merit, including those of antiquarian interest, will be thankfully received for this section from gentlemen who do not aim at any commercial advantage or benefit. All arrangements for the display of the exhibits lent for this section will be made by the Exhibition Authorities at their own expense.

2. Articles of indigenous Art or Manufacture, as well as natural, mineral or agricultural products from any part of India, Burma or Ceylon and adjacent British Possessions, will, as a rule, be accepted for the Exhibition. Implements or machines of foreign manufacture, which, in the opinion of the Exhibition Authorities, are likely to promote or develop Indian industries, will also be accepted.

3. No explosives or any substance which, in the opinion of the Exhibition Authorities, is noxious or dangerous, will be admitted.

4. Intending Exhibitors should refer to the printed lists, attached herewith, of the Sections and Sub-sections into which it is intended to divide the Exhibits. The section list is meant only to serve for general guidance, and will not prevent Exhibitors from sending articles not specifically enumerated therein. Such articles will, however, be admitted at the discretion of the Exhibition Authorities.

5. Intending Exhibitors are requested to send in to the Secretaries, as soon as possible, a list of their proposed exhibits, in the printed form attached herewith. These lists should reach the Secretaries *at the latest by the end of September* 1904.

6. Applications for space in the Exhibition *Pendal* specifying the space that will be required, should be made in the form annexed and should be accompanied by a fee of Rs. 2.

It will be left to the option of the Exhibition Authorities to reduce or remit the above mentioned fee in such cases as they think fit.

7. Exhibitors are requested to mention in their application whether they intend to practically illustrate the process of their manufacture, and if they do so intend, to describe the nature of the demonstration and state whether they would require the use of steam or other power, or any other special facility or accommodation for the display of machines or other contrivances and any other particulars necessary. The steam or other power required will be supplied by the Exhibition Authorities, if there is sufficient demand, on such terms as may be agreed upon.

8. The Exhibition Authorities will inform the applicants whether they are registered as Exhibitors and the number allotted to them.

9. Each Registered Exhibitor will be allowed a covered space of 5 ft. by 5 ft. free of charge, but additional covered-space may be obtained, subject to a minimum charge of 8 annas per square foot.

10. Exhibitors may obtain, on such special terms as may be agreed upon, open space for the exhibition or practical demonstration of machinery, etc. They will be allowed to erect the necessary structures at their own expense but according to plans approved of by the Exhibition Authorities.

11. The Exhibition Authorities will have absolute discretion as regards the acceptance or rejection of Exhibits and the allotment of space, covered or uncovered.

12. Exhibits will be received, beginning from the 1st of November, 1904, to the 5th of December 1904. They may be sent by "Railway Parcel" or "Goods," or may be delivered personally between the hours of 10 A.M. and 4 P.M., at such place or places, and to such person or persons, as will be notified hereafter. Receipts will be passed for the articles so delivered.

13. All packages received or delivered must bear a label on the upper covering specifying the name and number of the Exhibitor, and addressed to the General Secretary. They must contain inside a list in duplicate with all particulars required under Rule 20 in regard to the Exhibits in the package. This list will be compared with the previous list submitted by the Exhibitor along with his application and a formal receipt will be given to the Exhibitor for the articles found in safe order.

14. Exhibitors who fail to send their goods and appropriate the space allotted to them by the 5th of December 1904, unless with special permission from the Exhibition Authorities, shall forfeit all right to exhibit, and shall not receive any refund of the payments made by them. No refund also will be given for occupying less space than that applied and paid for and allotted; and the unoccupied space will be disposed of as the Exhibition Authorities deem fit.

15. Exhibitors may forward or deliver their articles personally or through authorised agents.

16. Every facility will be afforded to Exhibitors or their agents in connection with the transport, display, sale and care of their Exhibits.

17. Exhibitors must bear all expenses incidental to the transport and the delivery of their Exhibits, as well as their removal after the Exhibition is closed. Goods or parcels sent "unpaid" shall be refused. If the Exhibitors require for the display of their Exhibits in the *Pendal* any *special* arrangement or construction, stands, cases, tables, shelves, etc., or have to mount their machinery and apparatus, they must carry out all this themselves, and at their cost, and in accordance with plans approved by the Exhibition Authorities.

18. Such assistants, servants, or other attendants as an exhibitor may require for service at his stalls may be allowed to enter the Exhibition *Pendal*, on obtaining a pass from the Secretaries. All such attendants shall have to obey the orders of the Exhibition Authorities and the supervising staff appointed by them.

19. All reasonable precaution will be taken to guard the premises of the Exhibition, and secure the safety of the Exhibits. The Exhibition Authorities, however, do not at all hold themselves responsible for any damage or loss, howsoever occurring. Exhibitors wishing to insure their articles may apply to the Secretaries, who will arrange for the same on payment of the necessary charges. All valuable Exhibits, such as jewellery, gold and silver plate, must be forwarded under the charge of an attendant.

20. Every Exhibit must bear a label showing the section, the name or description of the article, its price, the place of its production or manufacture, the names of the manufacturer and the Exhibitor, and also mentioning if it is for sale.

21. Exhibits may be sold during the continuance of the Exhibition, and arrangements will be made for registering the names of the purchasers, etc. No articles shall, however, be removed whilst the Exhibition continues, except with the permission of the Exhibition Authorities. Exhibitors must remove all their articles

within ten days after the close of the Exhibition. If they fail to do so, the Exhibits will be removed and stored at the risk and expense of the owners, and will be handed over to them on payment of all expenses specially incurred for the removal and the storing up.

22. Exhibitors who are unable to attend personally or send agents in charge of the exhibits may make special arrangements with the Secretaries for the exhibition of their goods, subject to the provisions of the foregoing rules, and on payment in advance of all estimated expenses, which may be ascertained on application.

23. The Exhibition Authorities reserve the right to remove the Exhibits of any person who does not conform to their Regulations.

24. No article exhibited may be copied, photographed, drawn, or reproduced in any manner, without the special permission of the Exhibitor and the Exhibition Authorities. General photographs may, however, be taken with the permission of the Exhibition Authorities.

25. Arrangements with reference to machinery in motion will form the subject of special regulation.

26. Gentlemen, desirous of sending Exhibits for the Loan Section should write to the effect, giving all the necessary particulars above their Exhibits, to the Secretaries, who will inform them of the acceptance of their offer and make with them all the necessary arrangements in connection with the exhibition of the offered articles.

27. All persons who become Exhibitors shall, by so doing, be held to signify their assent to, and acceptance of all the foregoing Rules and Regulations, and also such other Regulations as the Exhibition Authorities may hereafter issue.

N.B.—All communications should be addressed to :—

THE INDUSTRIAL AND AGRICULTURAL EXHIBITION OF THE TWENTIETH INDIAN NATIONAL CONGRESS.

BOMBAY 1904.

LIST OF GROUPS AND CLASSES OF EXHIBITS.

SECTION I.—AGRICULTURE.

GROUP I.—MACHINERY.

a. Pumps, Aerometers (wind-mills), Water-turbines, Water-wheels, Water-lifts.
b. Sugar-cane Press (or mills), Machines for preparing coffee, cotton, wool and other fibres, Incubators.
c. Ploughs, Hoes, Harrows, Chaff cutters, Root cutters, Feed grinders, Cattle food cookers, Mowing machines, Reeping machines, Winnowing machines, Sugar-cane juice burlers, Milk separators and other dairy machines, for making butter, Sterilizing and Pasteurising milk, Garden pumps and tools and Lawn mowers Grinding wheels, and other Agricultural implements, Bullock carts.
d. Not included in the above classes.

GROUP II.—VEGETABLE AND ANIMAL PRODUCTS.

a. Grains, Pulse, Fruits, Vegetables, Flowers, etc.
b. Tea, Coffee, Chocolate, Cocoa, Cardamom, Ginger, Sugar, (raw and refined, etc.)
c. Tobacco, Cigarettes, Cheroots, etc.
d. Medicinal drugs, Dyes, Barks, Gums, Resins, Fibres, Honey, Wax, Sandal-wood, Grasses, Curry-stuffs, Nuts, etc.
e. Oil-seeds and oils, Cocotine, Fats, Manures, etc.
f. Not included in the above.

GROUP III.—PREPARED ARTICLES.

a. Butter, Ghee, Cheese, Preserved Milk, Sterilized milk, Humanized milk.
b. Jams, Jellies, Preserved Fruits, Preserved Food and Provisions, Flours, Chutneys, Curry powders, etc.
c. Confectionery.
d. Spirits.
e. Not included in the above.

SECTION II.—INDUSTRIAL.

GROUP I.—MACHINERY.

a. Steam, Gas, Oil and Air Engines, Boilers, Hydraulic Rams.
b. Hydraulic and Screw presses, Hand press, Oil press, Printing press, Colour Printing machines, Calico Printing machines, for the Market, Ice machines, Aerated water machines, Ginning machinery.
c. Sawing, Planing and Drilling Machines, Lathes, Sewing Machines.
d. Other Machines not specified above.

GROUP II.—MECHANICAL CONTRIVANCES AND MACHINE ACCESSORIES.

a. Spinning, Weaving, Bending and Doubling machines, Knitting machines, Embroidery machines, Looms, Hydro-extractors, Warping machines.
b. Cranes, Pulleys, Brakes, Punkah wheels, Mills, Dices, Vices, Water-taps, Valves, Pulverizers, Drilling machines.
c. Lamps, Stoves, Forges, Stills, Fountains, Dessicators, Filters, Condensers, Evaporators, Centrifugal machines, Weighing machines, Automatic machines, Ventilators.
d. Tools and implements for Blacksmiths, Coppersmiths, Goldsmiths, Tinsmiths, and other metal workers; Carpenters, Plumbers, Turners, Stone workers, Miners, Glass workers, etc.
e. Belting, Ropes, Lubricants, Pipes, Hose, Sharpening stones, Polishing stones and powders, Greases, etc.
f. Not included in the above classes.

GROUP III.—ELECTRICITY.

a. Electric engines, Dynamos, Electro-gilding, Electro-typing, and Electric Lighting plant, Batteries, Magnetic Machines.
b. Telephones, Telegraphic Instruments, Insulated wires, Switches, Electric bells, Electric punkhas, Fans, Insulators, Automatic signals, Electric furnaces, Connectors.
c. Not included in the above classes.

GROUP IV.—INSTRUMENTS.

a. Surgical, Mathematical, Surveying and other Scientific instruments, Microscopes, Telescopes, Binoculars, Spectacles, Watches, Clocks.
b. Musical instruments.
c. Not included in the above.

GROUP V.—MATERIALS USED IN CONSTRUCTION AND MINERAL PRODUCTS.

a. Timbers of various kinds.
b. Stones, both Artificial and Natural, Cements, Bricks, Tiles, Marbles, Asphalt and other Flooring Materials, Slates, Granite.
c. Ores, Coal, Mica, Manganese, Magnesite, Asbestos, Alum, Clays, Crystals, Salts, Gold-bearing quartz, Emery, Saltpetre, Borax, Soda, Plaster of Paris, Colored earths.
d. Not included in the above."

GROUP VI.—TEXTILE FABRICS.

a. Yarns of Cotton, Silk, Wool, Flax, Hemp, Rhea, Agave, Plantain and other fibres, White and dyed; Mercerized yarns.
b. Gold and Silver thread and imitation gold and silver thread.
c. Cotton, Silk and Woollen cloths, and cloths made from other fibres, Rugs, Blankets, Cumblies, Table-cloths, Carpets, Shawls, Felts.
d. Gold and Silver Lace Cloths.
e. Hosiery, Gold, Silver and Silk Embroidery, Knitted work, Crochet work, Bead work.
f. Weaving, Dyeing, Calico-Printing processes.
g. Cocoanut fibre, Coir ropes, Mats, &c.
h. Grass Mats.
i. Not included in the above.

GROUP VII.—LEATHER, HORN AND PAPER.

a. Leather, Tanned, Varnished, &c., Tanning processes.
b. Leather goods, Boots, Saddles, Book-bindings, &c.
c. Papers, Stationery.
d. Horn goods.
e. Not included in the above.

GROUP VIII.—POTTERY, PORCELAIN AND GLASS.

a. Enamelled and Painted Pottery, Porcelain, Pipes, Vessels, &c.
b. Plaster-work, Modelling, Figures, Casts, Vases.
c. Glass.
d. Bricks, Tiles, &c.
e. Not included in the above.

GROUP IX.—METALS AND JEWELLERY.

a. Castings.
b. Brass, Bronze, German silver, and other Alloys, Lead, Tin and Aluminium ware.
c. Iron ware, Cutlery, Hardware, &c.
d. Copper vessels, Wires.
e. Locks, Hinges, Safes, Nails, &c.
f. Turned and Engraved work, Hammered ware, Inlaid work, &c.
g. Fancy metal goods, Enamelled ware.
h. Silver and Gold Work, Jewellery, Plain and Set with Precious stones, Precious stones, Pearls, &c.
i. Not included in the above.

GROUP X.—CHEMICAL INDUSTRIES.

a. Attars, Perfumes, Perfumed Oils, Powders, Cosmetics, Waters, Preserves, Syrups.
b. Medicines, Essences.
c. Paints, Varnishes, Pastes, Glues, Enamels, Chemicals, Inks.
d. Candles, Soaps, Matches, Bleaching Powders, Fire Extinguishers, Freezing and Cooling Mixtures.
e. Not included in the above.

GROUP XI.—FURNITURE AND DECORATIONS.

a. Furniture, Carved Wood Work, Upholstery.
b. Screens, Curtains, Corner-pieces, Marble work, Brackets, Artificial Flowers, Boxes, Ebony work, Lacquered work.
c. Not included in the above.

GROUP XII.—FINE ARTS.

a. Paintings, Drawings, Etchings, Crayon work, Oil-work, Statuary, Photography, Stained-glass work, and imitation of it, Crystolium, painting, Ornamental Pith work, Engravings, Wood-cuts, Ferro-type, Zincography, Packerwork or Pyrography.
b. Ornamental Carving in Ivory, Wood, Sandalwood, Stone, Glass, Cocoanut shell, &c.
c. Inlaid work in Marbles, Soapstone, Wood, &c.

GROUP XIII.—CONVEYANCES.

a. Vehicles, Carts, Carriages.
b. Rickshaws, Perambulators.
c. Bicycles, Tricycles, &c.
d. Motor-Bicycles, Motor Tricycles, Motor Cars, and their accessories.

GROUP XIV.—MISCELLANEOUS.

a. Rare Books, Oriental Manuscripts and Granths.
b. Articles of personal wear.
c. Sporting goods and Toys, Walking Sticks.
d. Basket-work, Cane-work, Bamboo-work, Grass and Leaf-work, Wax-work, Rubber goods, Shell-work.
e. Artificial preparations and utilization of wastes of different industries.
f. Mounting of Birds and Heads of animals, Skins of wild animals.

To,

THE GENERAL SECRETARY,

INDUSTRIAL & AGRICULTURAL EXHIBITION

OF THE

TWENTIETH INDIAN NATIONAL CONGRESS, BOMBAY, 1904.

BOMBAY.

SIR,

I wish to exhibit the articles as per particulars given in the annexed form, at the Industrial and Agricultural Exhibition of the Indian National Congress, to be held in coming December, at Bombay.

The preliminary fee of Rs. 2 required under Rule VI is sent.*

I consent to abide by the Rules and Regulations of the Exhibition Committee; and on being informed that my name has been enrolled as an Exhibitor, I shall be glad to furnish any further information required.

I beg to remain,

Sir,

Yours faithfully,

Signature of the intending Exhibitor.....

Address in full — *Town*.....

District.....

Date.....

Province.....

* Mention the manner in which the money is sent.

INDUSTRIAL AND AGRICULTURAL EXHIBITION, BOMBAY, 1904.

STATEMENT OF EXHIBITS.

Description of the Article	Section	Name of Manufacturer	Place of Manufacture*	Price of the Article	May or may not be sold at the Exhibition	Covered space required†	Whether any special structure, stands, cup-boards would be required; if so, what?	Open space required	Whether any practical illustration of Machinery is intended to be given	Whether steam or other power would be required	Any other special facilities desired	Other particulars‡

I guarantee that the particulars given above, are to the best of my knowledge and belief correct and accurate.

*Place and date*_____ *Signature of the Exhibitor*_____

* Mention Town, District and Province.

† This column need be filled only if more space than the ordinarily allowed 5ft. × 5ft. is required.

‡ If the articles be not a *bona fide* Manufacture of India, Ceylon, Burma, or an adjacent British Possession, state here what indigenous industries it is likely to promote.

(2) Resolution No. 4031, dated the 4th August 1904, of the Government of Bombay.

Memorandum from the Revenue Department, No. 5850, dated the 1st August 1904—

Transferring the following letter from the Chairman of the Industrial and Agricultural Exhibition Committee, Bombay, dated the 25th July 1904 :—

"Under the instructions of the Industrial and Agricultural Exhibition Committee of the Indian National Congress of 1904, I have the honor to forward for the information of Government a dozen copies of the prospectus, rules and classifications of the said Exhibition.

"It is proposed to hold the Exhibition in the month of December of this year, on a date to be fixed hereafter, and it is intended to keep it open so long as it may appear desirable, say, for a month or two.

"As Government are aware, the Indian National Congress has for some years past been promoting such Exhibitions. In 1901 an Industrial Exhibition was held at Calcutta under the Presidency of the Maharaja of Kuch-Behar. In 1902 the one at Ahmedabad was opened by His Highness the Gackwar of Baroda. At Madras in 1903 the opening ceremony of the Exhibition was performed by His Highness the Maharaja of Mysore.

"The Bombay Government, as well as the Government of Madras, were pleased to give the Exhibitions held in those Presidencies a considerable amount of co-operation and support. We may here repeat the assurances which were then given both to the public and to Government as to the non-political character of this part of the work of the Congress. It has been authoritatively declared that no subscriber or co-operator in the work of the Exhibition is in any way supposed to be committed to the views and the principles of the Congress as a political body, and the subscribers have been informed that any sums that they may subscribe for the purposes of the Exhibition will be applied to no other purpose than to further the success of the Exhibition. It may be added that the financial responsibility for the undertaking will ultimately rest on the shoulders of the Congress.

"In the Exhibition of this year special efforts will be directed to make the Agricultural Section as complete and instructive as possible. *Inter alia* it is intended to give such practical demonstration of the working of the several agricultural implements and water-raisers, Foreign and Indian, as may clearly serve to shew the economical advantages of the different appliances. Though this will be almost the first attempt of its kind and may not be of a thoroughly exhaustive or comprehensive character, yet the Committee attach great importance to the development of this section of the Exhibition.

"With regard to the Exhibition of this year, I am asked by the Committee to bring all the circumstances above stated to the notice of His Excellency the Governor in Council, and to respectfully request that His Excellency may be pleased to extend co-operation and support to this undertaking which cannot but be of great value to the industrial and agricultural development of this Presidency and even of the whole country. I need hardly say that such support as Government may determine to give will be most gratefully received.

"I am further instructed to request Government to be pleased to allow the use of the Oval for the purpose of the Exhibition. It is the only site which seems well adapted for the purpose of such an Exhibition. The Committee undertake to restore the ground in its original condition.

"The Committee next solicit the co-operation of Government in obtaining such exhibits as may be in the power of Government to procure, especially with regard to the agricultural portion.

"The Committee are anxious to give an opportunity to Patels and other agriculturists who might benefit by a visit to the Exhibition and undertake all arrangements to accommodate them in Bombay.

"I beg respectfully to solicit an early reply."

RESOLUTION.—The Chairman of the Committee of the Industrial and Agricultural Exhibition, Bombay, 1904, should be informed that Government cordially approve of any measures which are likely to prove useful in encouraging the improvement of the industries of the country and will very gladly co-operate to the best of their power in the organization of an Exhibition for the purpose. The precise form in which assistance can best be given by Government will be determined on the receipt of a report from the Director of Land Records and Agriculture, who will be desired to put himself at once into communication with the Committee and consider the matter in consultation with the members.

2. Regarding the use of the Oval for the Exhibition, a reply will be given in a few days.

3. This Resolution should be placed on the Editors' Tables.

---

(3) Letter dated the 19th August 1904, from Mr. Vithaldas Damodar Thackersey, Chairman of the Exhibition Committee of the Industrial and Agricultural Exhibition of the Twentieth Indian National Congress, Bombay, to His Highness the Maharaja of Mysore.

As Chairman of the Industrial and Agricultural Exhibition Committee, I have the honor to forward for the information of Your Highness 50 copies of the Prospectus, Rules and Classifications of the said Exhibition.

It is proposed to hold the Exhibition in the month of December of this year, on a date to be fixed hereafter, and it is intended to keep it open so long as it may appear desirable, say for a month or two.

I most respectfully invite Your Highness's co-operation and support in this work of the material advancement of our country. Your Highness can very materially help our Exhibition Committee by inducing the Artisans and Manufacturers as well as the Agriculturists of Your State to send us their Exhibits, either separately or through Your Highness's State contributing a stall. Your Highness will also be welcome to offer special Gold Medals for such Exhibits as Your Highness approves of. It is to be hoped Your Highness will be pleased to issue necessary orders to make the Exhibition as widely known in your State as can be possible.

May I further solicit Your Highness's support by way of a substantial contribution to the Exhibition Funds.

I have the pleasure to forward herewith for Your Highness's information a copy of the Bombay Government Resolution according its support to the Exhibition.

No. R. 2564-73—AGRI. 32-04-2, DATED BANGALORE, 20TH SEPTEMBER 1904.

ORDER THEREON.—The Deputy Commissioners of Districts are requested to give wide publicity to the Exhibition Rules and list and to inform the people of their respective Districts that the Government of His Highness the Maharaja will be glad if they will send exhibits in accordance with the Rules of the Exhibition Authorities and otherwise co-operate with the Exhibition generally.

B. K. VENKATAVARADAIYENGAR,
Secy. to Govt., Gen. & Rev. Dept.
